

Shrubs and Climbers

Rosa 'Perennial Blush' along fence
Rosa 'Wedding Day' along fence
Rosa 'American Pillar' along fence
Lavatera x clementii 'Rosea'
Rosa 'Sara van Fleet'
Rosa 'Penelope'
Eucryphia intermedia 'Rostrevor'
Cytisus x boskoopii 'Boskoop Ruby'

Perennials

Echinacea purpurea 'PowWow White'
Echinacea purpurea 'PowWow Berry'
Echinops bannaticus 'Blue Globe'
Centaurea montana
Centranthus ruber
Centranthus ruber 'Albus'
Helenium 'Moerheim Beauty'
Helenium 'Sahin's Early Flowerer'
Sedum 'Matrona'
Sedum 'Autumn Joy'
Aubrieta 'Cascade Mixed'
Digitalis parviflora
Cephalaria gigantea
Delphinium 'White Swan'
Lupinus 'Noble Maiden'
Lupinus 'The Chatelaine'
Nepeta nervosa 'Pink Cat'
Penstemon 'Blackbird'
Penstemon 'Pink Bedder'
Dahlia 'Bishop of Llandaff'
Dahlia variabilis 'Bishops Children'
Knautia macedonica 'Melton Pastels'
Persicaria amplexicaulis 'Rosea'
Verbena officinalis 'Bampton'
Monarda didyma 'Balmy Purple'
Linaria purpurea 'Canon Went'
Cirsium rivulare 'Atropurpureum'
Achillea millefolium 'New Vintage Rose'
Veronica 'Inspire Pink'

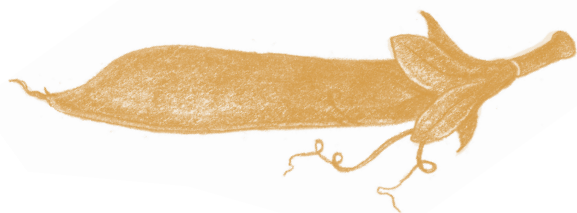

FLOWER POWER

Annuals and biennials

Malope trifida 'Vulcan'
Echium vulgare 'Blue Bedder'
Echium pininana
Limnanthes douglasii
Sweet pea Gwendoline – on big obelisk
Sweet pea Black Knight – on smaller obelisk
Dianthus barbatus mixed
Calendula officinalis 'Indian Prince'
Calendula officinalis 'Pygmy Formula Mixture'
Salvia horminum viridis 'Blue Denim'
Cosmos Purity – tall white
Cosmos Dazzler– cherry red
Cosmos Picotee – pale pink/white
Helianthus annuus mixed red varieties
Eschscholzia californica mixed

Bulbs

Crocus 'Snow Bunting'
Crocus 'Flower Record'
Narcissus 'Tete a Tete'

SHRUBS AND SHADE

Trees

Arbutus unedo
Morus nigra - Mulberry
Cotoneaster 'Cornubia'
Prunus x subhirtella 'Autumnalis Rosea'

Shrubs and Climbers

Hedera helix 'Goldheart' against shed
Hedera helix 'Clotted Cream' against shed
Pileostegia viburnoides against shed
Rosa filipes 'Kiftsgate' on fence
Hebe rakaiensis
Hebe albicans
Hebe 'Wiri Prince'
Berberis thunbergii 'Orange Rocket'
Myrtus communis
Myrtus luma 'Glanleam Gold'
Rhododendron 'Cunningham's White'
Rhododendron 'Marcel Menard'
Rhododendron 'Etoile de Sleidinge'
Rhododendron 'Gristede'
Rhododendron 'Patty Bee'
Skimmia japonica 'Delight'
Erica carnea

Perennials

Geranium magnificum
Lamium maculatum 'White Nancy'
Lamium maculatum 'Beacon Silver'
Pulmonaria 'Blue Ensign'
Pulmonaria 'Opal'
Pulmonaria 'Raspberry Splash'
Helleborus x hybridus in variety

Annuals and Biennials

Cerinthe major 'Purpurascens'
Echium vulgare 'Blue Bedder'
Erysimum cheiri 'Blood Red'
Erysimum cheiri 'Giant Pink'
Erysimum cheiri 'Fire King'
Borago officinalis
Digitalis purpurea 'Alba'

Bulbs

Narcissus 'Hawera'
Narcissus 'Tete a Tete'
Anemone blanda 'White Splendour'
Crocus 'Cream Beauty'
Crocus 'Flower Record'

CENTRAL CIRCULAR BED

Shrubs

Rosa 'Blue for You'
Perennials
Nepeta 'Six Hills Giant'
Salvia nemorosa 'Caradonna'
Verbena bonariensis
Delphinium 'Pacific Giant Blue Bird Group'

Delphinium 'Magic Fountains Sky Blue'

Agastache 'Blackadder'

Annuals and Biennials

Lathyrus odoratus Misty Mountain Mix (sweet pea)
Cosmos 'Purity'
Cerinthe major 'Purpurascens'

Bulbs

Crocus 'Snow Bunting'
Crocus tommasinianus 'Whitwell Purple'
Anemone blanda (mixed colours)

KITCHEN CORNER

Clematis cirrhosa 'Wisley Cream'
Whitecurrant 'White Versailles'
Red currant 'Rosetta'
Black currant 'Ben Tirran'
Gooseberry 'Hinnomaki Green'
Blackberry 'Merton Thornless'
Blackberry 'Adrienne'
Herbs in variety including:
thyme, oregano, mint, chives, rocket
Borago officinalis
Runner bean Enorma
Climbing French bean Neckargold
Broad bean Aquadulce Claudia
Pea Early Onward
Courgette Defender
Courgette Bianca di Trieste
Pumpkin Crown Prince
Butternut Squash - unknown variety
Tagetes Chameleon
Tagetes Tangerine Gem
Calendula Indian Prince
Tropaeolum mixed
Leek Musselburgh
Artichoke - unknown variety

WILD CORNER

Bank against hut left with rough grass to provide nest site

Trees

Prunus 'Tai Haku'

Prunus x subhirtella 'Autumnalis Rosea'

Shrubs and Climbers

Clethra alnifolia

Rosa 'Blanche Double de Coubert'

Rosa rugosa 'Alba'

Rosa 'Paul's Himalayan Musk' against back fence

Rosa 'Starlight Symphony'

(against the arbour)

Sambucus nigra 'Black Lace'

Ribes sanguineum 'Pulborough Scarlet'

Corylus avellana

Lonicera fragrantissima

Salix daphnoides

Rosa 'Starlight Symphony'

Perennial

Symphytum 'Wisley Blue'

Symphytum 'Hidcote Blue'

Veronica gentianoides

Pulmonaria 'Blue Ensign'

Thymus 'Snow Pixie'

Annuals and Biennials

Digitalis purpurea 'Snow Thimble'

Digitalis purpurea 'Suttons Apricot'

Digitalis purpurea 'Alba'

Digitalis mertonensis

Myosotis sylvatica

Echium vulgare 'Blue Bedder'

Cleome spinosa 'Helen Campbell'

Wildflowers in variety from "seed bomb" for pollinators

Bulbs

Anemone blanda blue and white forms

Crocus 'Cream Beauty'

Crocus tommasinianus

'Whitwell Purple'

Narcissus 'Hawera'

Narcissus 'Minnnow'

Galanthus nivalis

THE BUMBLEBEE GARDEN JULY 2019

With numbers of bumblebees in serious decline, and two British species already extinct, a decision was made to create a garden for bumblebees on a piece of disused ground below the nursery terrace.

The purpose of this is to show how an ordinary, domestic garden can become an important haven and food source for bumblebees without losing the qualities we want from a garden.

Following consultation and advice from the Bumblebee Conservation Trust, and with generous support from the Hatcher Animal Welfare Trust, in March 2018 the design was marked out and construction commenced. The garden was opened in summer 2019. There are five main sections: a kitchen corner, a shrub and shade section (though it will be a while before the shrubs are big enough to provide significant shade), a wild garden, a sunny "flower power" corner, and a circular central bed.

Every plant in the garden has been selected for its pollen and nectar value for bumblebees, and for its visual qualities, ease of cultivation and availability. There are many, many other suitable plants that have not been included. The following lists contain the plants currently in each section of the garden. Perhaps the single most important way to support the bumbles is to provide sources of pollen and nectar very early in the year, and again later in the autumn, so many plants have been selected with this in mind.
